INFORMATION DISCLOSURE STATEMENT

Sir:

In accordance with 37 C.F.R. 1.98, I am submitting a completed "INFORMATION DISCLOSURE STATEMENT BY APPLICANTS" (*Form PTO/SB/08A*) with patents and/or publications as delineated therein attached.

DE 40 34 660 discloses that a dryer includes drum, which rotates on a horizontal axis, and a loading opening at the front. The opening is closed by a door or a flap and the inner space behind the door or the flap has stationary mountings for laundry basket(s), which can be inserted into the drum interior. The loading opening is surrounded by a front-side bearing bracket resembling a frame. The bearing bracket or the door or the flap has contours that deviate from the circular line round the revolution axis of the drum. The contours form a form-locking connection with the shape of the washing basket front.

If no translation of pertinent portions of any foreign language patents or publications mentioned within the "INFORMATION DISCLOSURE STATEMENT BY APPLICANTS" is included with the aforementioned copies of those applications, patents and/or publications, it is because no existing translation is readily available to the Applicants. As per the Notice in

1273 OG 55 (August 5, 2003) no copies of any above-mentioned US patents and US patent application publications are submitted for this application which was filed after June 30, 2003.

Respectfully submitted
